- ① Title: It is used to easily classify the test results in the checklist.
(Enter the inspection name, such as the document title and inspection date. It will be printed on the test result confirmation form, so please fill it out carefully.)
- ② Document classification:
 - * For Checking : ‘Inspection document’ means the document whose plagiarism rate is to be checked.
 - * For Comparison : ‘Comparison document’ means the document to be compared with the inspection document.
- ③ Document type :
Select the type of document among ‘Assignment’, ‘Self-Introduction’, ‘Dissertation’, ‘Journal Article’, ‘Research Paper’, ‘Book Review’, ‘Press Release’, and etc.

④ Set comparison scope :

The ' Current Attachments ' is compared to the currently attached documents.

'My Documents ' is compared to the one I uploaded earlier.

'Copy Killer DB ' compares to the documents collected by the copy killer.

⑤ Select the settings that matches your preference

Set whether to include or exclude citations/sources, statutes/scripts, and contents/references in the plagiarism rate.

When set to "Include", if the sentence matches someone else's sentence, it is included in the plagiarism rate.

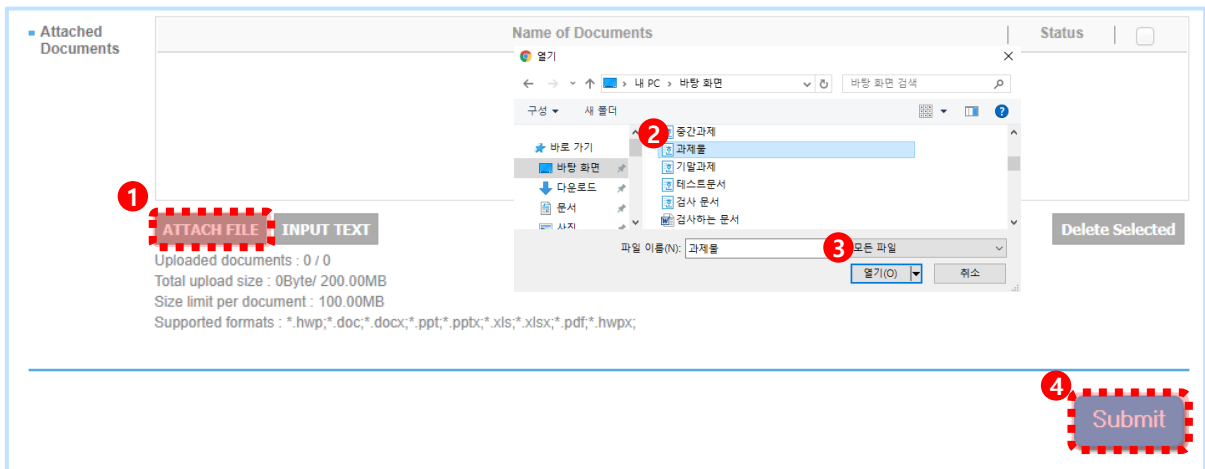

When set to 'Exclude', even if the sentence matches someone else's sentence, the plagiarism will be excluded.

⑥ Matching Rules : The plagiarism standard can be set to match 5~10 words and 1~6 sentences or more depending on the purpose of the inspection.

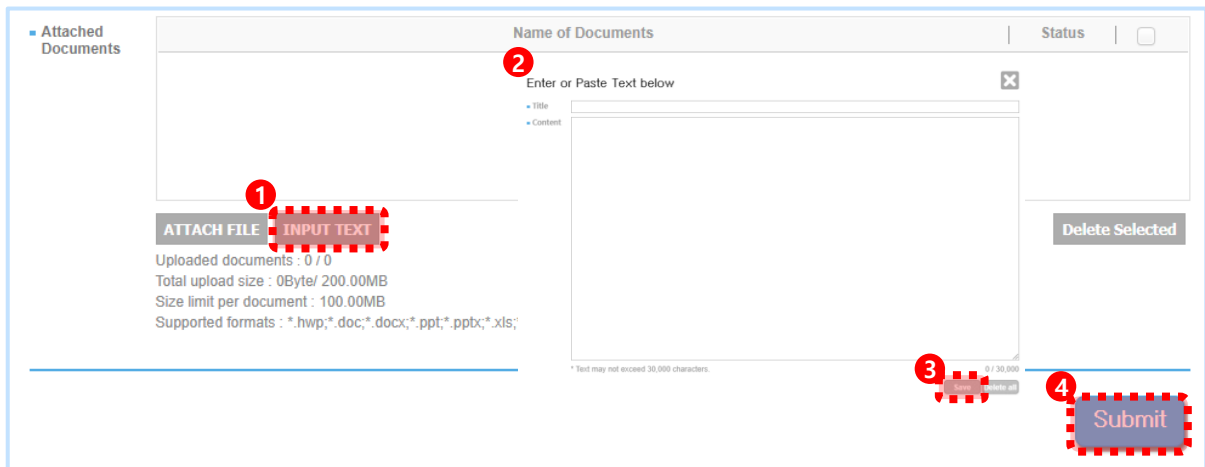

*The default setting is ' Six Articles, One sentence, and More ' matches, which are presented as guidelines for the Ministry of Education.

4.2 Plagiarism Check

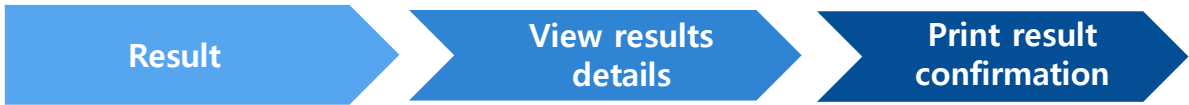

- ① **Attach file:** Select a file and attach it, and when the inspection status becomes 'Available', 'plagiarism check' proceeds.

- ② **Direct input:** Register by entering text directly, and when the inspection status becomes 'Available', 'plagiarism inspection' proceeds.

You can check the screen of your examination results to see what areas of your document you suspect of plagiarism.

5.1 Result list

- ① Click 'Result' in the menu at the top of the site to check the examination list.
- ② After one or two minutes, click 'View' to go to the detailed screen of the examination results.

- ⑥ If you check the comparison document in the examination results detailed view, you can see that only the comparison documents you uploaded are compared.

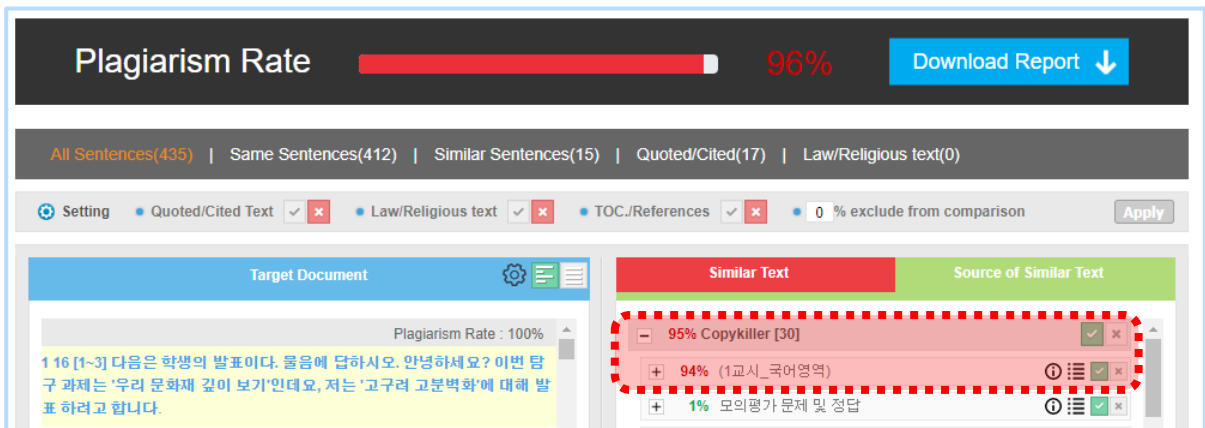

The screenshot displays the 'Plagiarism Check2.pdf' results page. At the top, the document name is shown. Below it, a 'Plagiarism Rate' section features a red progress bar at 96% and a 'Download Report' button. A summary bar indicates: 'All Sentences(435) | Same Sentences(413) | Similar Sentences(14) | Quoted/Cited(17) | Law/Religious text(0)'. A settings bar includes 'Setting', 'Quoted/Cited Text' (checked), 'Law/Religious text' (checked), 'TOC./References' (checked), and '0 % exclude from comparison'. The main content area is split into two columns: 'Target Document' (showing a 100% rate) and 'Similar Text' (with a red dashed box highlighting a specific match, marked with a red circle '6').

8.2 How to exclude the same document

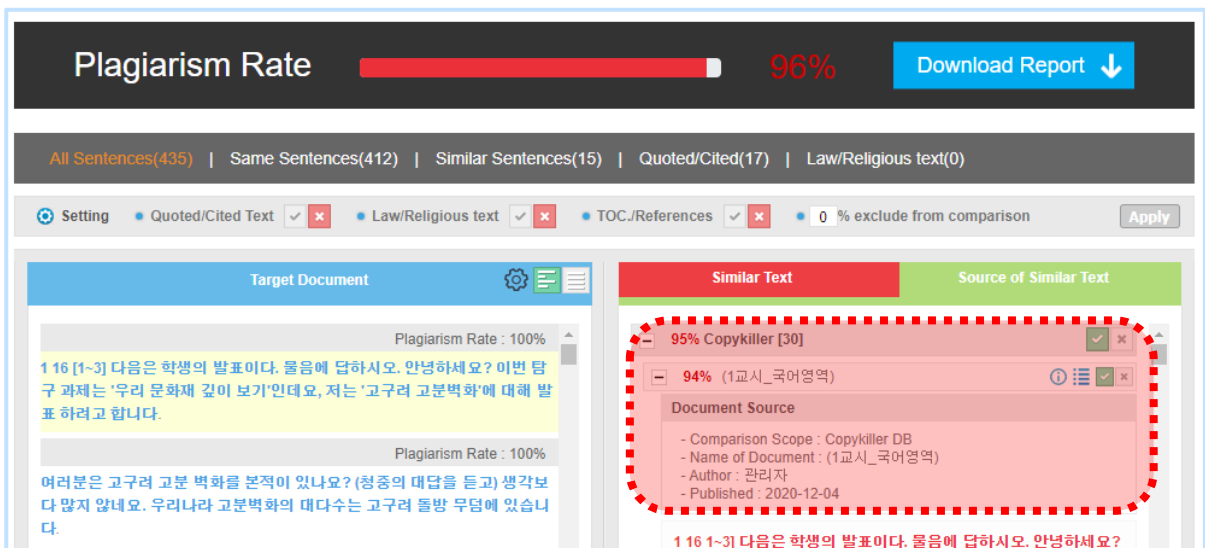

Q. The plagiarism rate appears high because my previously published dissertation is included in comparison scope. Is it possible to exclude that document?

A. Adjust settings by excluding your dissertation from 'Matched Sources', then click "Apply" button to recheck.

① Click the "Matched Sources" tab on the right screen of the detailed view of results.

② Click the document title to see the contents of the document.

 Continues on the next page

③ After checking the document you want to exclude, click the "Exclude" button on the check box.

*If the inspection document is an older document, documents after the year of issue of the inspection document should also be excluded.

ex: Inspection documents issued in October 2010> Excluding all documents issued after October 2010.

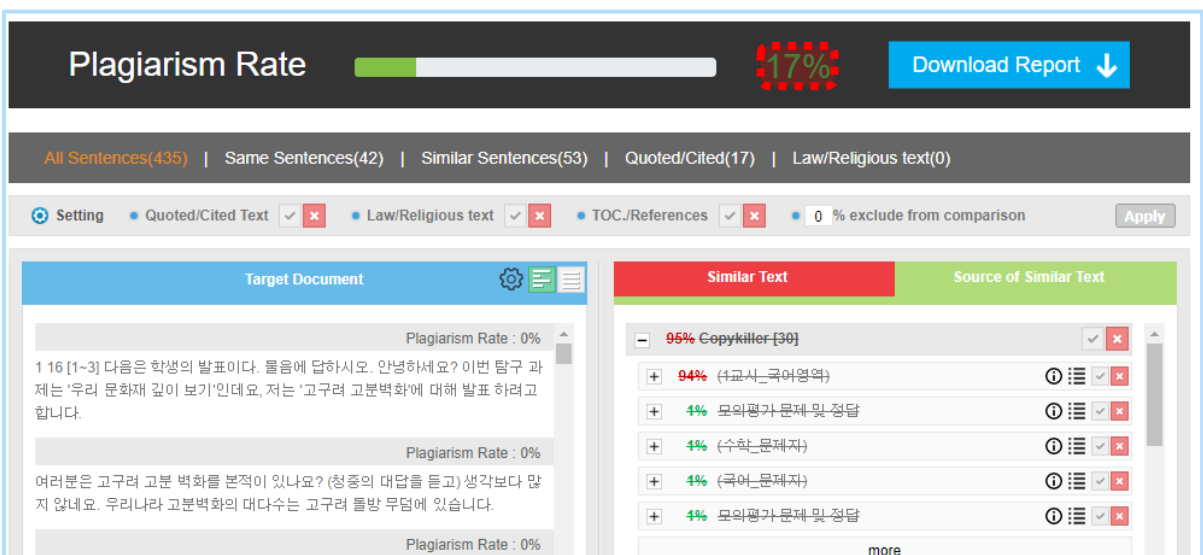

④ After setting 'Exclude' in the 'Matched Sources' tab, click 'Apply' button to recheck

The screenshot shows the Copykiller interface with a plagiarism rate of 96%. The 'Matched Sources' tab is active, displaying a list of sources with their respective percentages. A red dashed box highlights the 'Exclude' button for the first source, '(교시_국어영역)'. The 'Target Document' section shows two paragraphs of text with a 100% plagiarism rate.

Similar Text	Source of Similar Text
95% Copykiller [30]
